

# SALINAS SPORTS SPOTLIGHT

NOVEMBER 2024 NEWSLETTER

## Soccer Complex Transformation Applauded by the State

The Salinas Regional Soccer Complex has been officially recognized by the State of California for its ambitious vision to develop a vibrant sports facility on land that was once determined unusable. The State has awarded the Soccer Complex a grant which paves the way for a transformative project, creating the largest state-of-the-art sports and recreation facility between San Francisco and Los Angeles. The grant is a vital step in enhancing our community’s recreational offerings, providing high-quality facilities that will serve our entire community for generations to come.

This transformative project underscores our commitment to sustainable land use and environmental stewardship, ensuring that our community thrives now and into the future. We are excited about the opportunities this grant will create and are deeply appreciative of the support that makes these advancements possible.
